

Name -Sai Shivam

PH NO. -8219183301

Email address- 20bee026@nith.ac.in

Roll No. - 026

About ME - I am a highly enthusiastic person with a clear attitude willing to contribute in whatever field I am working in

I am a person of a clear MINDSET, knowing what to do, when to do, and continuously trying to improve myself in this era whereas skill is of the most important part for us.

Projects-

1) I have done a project on explosive nature of sodium showing zip zap moving motions when exposed to air

Achievements-

1) I was the school captain of in class +2

2) I was the house captian in class class 10

3)Represnted my school in Inter-MountCarmel Meet in sports events

Skills-

1)Java done in class 10th

2)C++ (Basic)

3)Good management skills and dealing with people

Strength

1) Good communication Skills

2) Clear Mindset

3) Power of focus and a positive outlook

Weakness-

1)Sometimes I overthink about a specific thing but I resolve it sooner or later

Why do I want to join ISTE?

The reason being very clear ,it is a society where I can increase my skills ,develop my persoanlity,learn from their experience ,thus it will definitelely help me grow

Being interested in coding I desire to join such a society where I could work with my teammates and senior and can explore .

Why should ISTE choose you?

Good question

Beside being good in my respective stregths as mentioned above

What gives me a edge is my attitude and my leadership skills which will help me in maintaning a good culture in the team and thus that will thereas increase the chances of coming out with a more creative and solid solution
